

Low Brass Network

We are Low Brass Network (LBN), an organization founded by high school students, that is dedicated to building a community of low brass players.

As low brass students, we understand the difficulties low brass players face. We want change.

Our goal:

- Provide free lessons - taught by passionate volunteers with enhanced lesson plans
- Run low brass ensembles - where students can develop their skills, establish connections, and perform together
- Expand to, gather, and guide fellow low brass students around the world!

If you would like to be a part of LBN, please fill out the interest form. Everything is completely voluntary.

We are hosting a virtual international low brass competition and festival in 2023 to give all low brass players another opportunity to compete on an international scale as well as watch top players from around the world.

We are very excited for the future, and we hope you consider joining us in this journey! Please ask us any questions.
